

DELINQUENTS.

Registrants Who Failed to Return Questionnaires to Be Placed in Class 1 and Name Reported to Police Authority.

There are 231 registrants who failed to return their questionnaires to the Richmond county exemption board. By such failure, the law automatically places them in Class 1 and their names are turned over to the police authority with orders that they be brought before the exemption board.

Accordingly, the names of the 231 who failed to return their questionnaires to the Richmond county board were on Feb. 28th turned over to Sheriff Homer D. Baldwin.

The failure of these men to return their questionnaires does not necessarily mean that they intentionally and wilfully failed to do so, but in all likelihood many of them simply failed to receive such questionnaires, due to incorrect postoffice address. However, this is not the fault of the government, and in no way releases the registrant from liability.

The law applying to delinquent registrants is as follows:

"The names of persons who fail to return their questionnaires or to report for physical examination when ordered to do so shall forthwith be sent to the local police authority with a request immediately to visit all such named persons and to bring them before the local board. Such names should at the time they are reported to the police be also reported to the press with a request for publication."

The following are the names of delinquents. They can receive their questionnaires by applying at once to the local exemption board; if they do this at once, they will not be prosecuted, as it is not the desire of the local board or of the government to take drastic measures until it is certain the men are wilfully evading the draft. The names posted on February 28th were:

Mrs. McKimmon To Speak

Mrs. Jane McKimmon, of Raleigh, State Demonstration Agent will speak at the courthouse at Rockingham Friday, 15th, at 3 o'clock. Every club member is urged to attend, and the public invited.—Mrs. John Sandy Covington.

A resolution was passed by the Wisconsin legislature this week censuring the stand taken regarding the war by Senator La Follette. A pity the Senator could not be retired from public life.

Library for Rockingham

Carnegie will give a building if a site is secured and a maintenance fund assured. Next Tuesday will be "Library Day" when \$1500 be raised by committees.

Several months ago a number of our most progressive ladies seriously considered the need of a library for our community. They held a meeting and decided to work until this library was secured. The outcome of this meeting was another meeting at which 100 good books and \$100 was donated. While it was an excellent beginning it was far from what was necessary so they decided to make a bolder effort and secure a Carnegie Library.

Through the efforts of these ladies, Mrs. Blanton, secretary of the State Library Association, came from Raleigh and addressed us on 'How to get a Carnegie Library.' At this meeting we organized a Library Association, the resolve of which was to get a library for Rockingham.

A community is known by its churches, schools and public institutions. Can Rockingham afford to do without a public library? The Carnegie Foundation will give us a building if we will furnish the site and provide funds for maintenance. Rockingham will not miss this opportunity.

Will some public-spirited citizen give the Library Association a lot to build on? The Everett Estate has been so kind as to offer to give us a lot in the northern part of town. Mr. Gore has offered us a lot on Washington Street but it is too small. We can also get a lot from the Great Falls Mfg. Co. We appreciate these offers but it is not to the interest of our community to locate the library on any of these lots. It should be more centrally located, probably near our school building where it can be used for reference by our students. We should secure this lot now. If no citizen is public-spirited enough to contribute a lot we should buy one.

Our citizens are so anxious for a public library that they are not going to wait on these public-spirited citizens or the Carnegie Foundation. They want to start a public library right now and have it in operation by April first. It is going to take \$1500.00 to do it. Are you going to help? You will have the opportunity next Tuesday! Five committees have been appointed to see you on the morning of the twelfth instant. We are going to have a whirlwind campaign on that day and raise this money. Let's have a library so that we can go into the intensive cultivation of the minds of our boys and girls. And in the future years we will be known by the brilliant minds of our citizens as well as by our many cotton mills!

County Commissioners Meet. At the Star Theatre

The county commissioners held the regular monthly meeting last Monday.

The new county home was formally accepted from the contractor, A. D. Dumas, and the Superintendent and inmates will probably move therein before April 1st. The contract price was \$17,500, and the home is a credit to the county. The Post-Dispatch will give a more detailed description of the new property later.

The contract was let for three sections of steele bridge, to span the sections of the thoroughfare leading from the Jas. A. Leak place to the river. The county pays \$2600, and private subscription furnishes \$1000, of the \$3600 contract price of material.

It was ordered that the road from Roberdel No 2 be worked to the Rockingham-Bennettsville highway, a distance of about three-fourths of a mile.

Friday, March 15th one day only

Pathe "The Little Patriot" in five reels. This is one of the best pictures that you will ever see, and we would like to say that we would like to see all the School Kids come out as the star that plays the leading part is Baby Marie Osborne. This is some show for the money and the price of it is 10 and 15 cents; so come out and see the little girl.—Star Theatre.
